## DESIGN ORIENTATION

Before we begin, we will carry out a Design Orientation. During this pre-proposal consultation and assessment we will:

- Get to know you, your family, and your lifestyle.
- Evaluate the condition of your home or future home's site.
- Discuss your project goals and design opportunities.
- Take preliminary photos and measurements to help us with the preparation of your proposal.

## YOUR CUSTOM PROPOSAL

After we gather all of the necessary information during your Design Orientation, Zhane Designs will follow up with a preliminary proposal for your project. Your custom proposal will include a detailed breakdown of the design package chosen by yourself, following fees.

*50% deposit is required to secure your project.*

# SIGNATURE DESIGN PROCESS

## 01 Design Consultation

We will discuss your preferences needs ,and budget while providing expert advice on colour schemes.The goal is to develop a tailored design plan that enhances the space while reflecting your personal style, ensuring harmonious blend of form and function.

## 02 Purchase Your Design Package

Purchase your preferred design package by paying an 50% deposit to secure your project.

## 03 Collaborate With Your Designer

Begin by discussing your preferences, by providing your designer with inspiration images or mood boards to convey your style.Engage in regular check-ins to provide feedback.

## 04 Designs Delivered

The fun part!

This is where your space is recreated on our design software, showing the new suggested design for your room. This is a really great way of seeing what the items and scheme will look like in your space before you go out to purchase them. You will be able to request tweaks to the design to make the space(s) to your liking – once signed off, if you have booked the premium package, you will then also receive your full shopping list of items used within the design with discount codes where applicable.
